

ATC - Administration Guide

Installation and uninstallation is handled by Universal Plugin Manager.

To fully remove all the plugins in the bundle:

1. Go to Universal Plugin Manager
2. Uninstall ATC

The screenshot shows the Atlassian Marketplace interface for the 'ATC - Arc42 Template for Confluence' plugin. On the left sidebar, under 'ATLASSIAN MARKETPLACE', the 'Manage add-ons' button is highlighted with a red box and a red circle containing the number '1'. In the main content area, the 'Uninstall' button is highlighted with a red box and a red circle containing the number '2'. The plugin details include a description, version (1.0.3), vendor (NetworkedAssets Sp. z o.o.), and add-on key (com.networkedassets.plugins.space-blueprint). A status indicator shows '74 of 74 modules enabled'.
